

**BUGGYPOD
COMPATIBILITY**

Pushchair guarantees vary. Use of a Buggypod, or any other accessories not manufactured by the pushchair company, may invalidate your pushchair guarantee.

The Buggypod box includes a set of size 51 mounting brackets as standard

Extra bracket sets and the connector bar adaptor are available separately from selected stockists

TBC = To Be Confirmed

PLEASE NOTE: Adding the Buggypod to a twin pushchair may create a particularly wide and heavy load to push around

Revelo does not guarantee that the Buggypod will fit every make and model of pushchair. Customers should always follow our guidelines:

The Buggypod can be attached to most buggies and pushchairs including twin buggies and 3 wheelers.

The strap of the mounting brackets can be tightened around most buggy and pushchair frames.

The frames can be oval, square, round, thick or thin.

Size 51 brackets fit frames up to 4 cm diameter. Size 70 brackets fit frames more than 4 cm diameter

The Buggypod is supplied with a set of size 51 brackets included. Size 70 brackets are available to purchase separately.

You may find it helpful to look at the images of the Buggypod attached to a number of pushchair models in the Support pages at www.buggypod.com.

If you are still unsure about whether the Buggypod will fit your pushchair, you can call our Helpline in the UK

on 0870 850 3463 (M-F, 09:30-17:00) or email us at support@revelo.co.uk and we shall endeavour to help you. .

Your local retailer may also be able to advise on fitting.
